summer bee meetings 210
swarming 147
what happens to granulated extr. combs? 242
Beekeeper, English, visits America 8
her father was a 203
indemnity payment program, highlights of ..237
Sam and the kingbird 235
Thomas Affleck 136
Beekeepers, Oklahoma, raising own queens ..159
Beekeeping, boom under way 223
Cardinal points in 367
laws of 279
new interest in 119
then and now 40
Beelines, Yosemite 361
Bees, and bears 329
and horses 55
are everywhere 172
at Upham Woods 211
bears, and honey 235
displaced, renewal housing for 112
doing their own thing 341
don't turn them off 270
how shall we winter? ..328
moving and uniting 134
of boys and 358
outdoor 6
sawdust-collecting 180
special, bred through isolation 310, 334
watchdog 267
Beeswax marketing, change in 142
Bohart, Dr. G. E. retirement of 171
Book, additions to Lindaur's communication 87
complete guide to beekeeping 206
Eugene Secor 77
little von Frish, revised 19
Praktiese Byeboerdery in Suid Africa 46
sequel to The Holy Bible 105
Bottom boards 200
Bovard's frame spacer ...335
Boys, of, and bees 358
Brood, spreading the 44
Brush patch bonanza 41
Bull and the bear 269

C

Cardinal points in beekeeping 367
Cold weather feedings ...373
Colonies, requeening 72
using two-queen 77
why some starve in winter 70
Colony examination, how to make a 262
Combs, dating 291
making new 103
Crop program, 1972, announced by USDA 131

D

Diseases, bee 15
Drifting, a classic example of 169
Drones, attractiveness to worker honeybees ...297

E

E.A.S. meeting, Conn. 293
Energy restorer 142
Entrance, all-year 13
Equipment, brand your ..342
Essay on finishing jobs started 111
Extractor, a bottom drive 197
bye, bye 232
friction drive for an ...365
tape it and speed up straining 247

F

Family, a two-queen 205
Feeding sugar syrup 366
Feedings, cold weather ..373
Foster honey 363
Frame spacer, Bovard's ..335
Friction drive for an extractor 365
Fundamentals for All
all that food to raise bees 339
beekeepers must know honey 51
best things in life are free 51
challenge of Greek beekeeping 275
Dzierzon's contribution to Amer. beekeeping ..83
faithful donkey 307
4-H boy with a dream 211
give complete instructions 148
guiding stars 275
honey–a safer sweet than sucrose 83
honey not sold until consumed 179
living things depend on one another 371
movable frames should be kept movable 19
"Pollinethics"–upright pollination practices 148
reading the weather records in supers 179
some beekeepers know what is good for them 51
what value a swarm? ..115

G

Gleanings, joins staff of ..334
letter 331
Gleanings Mail Box 164, 220, 238, 259, 313, 346, 355
Goof, my 359
Gripe, a, some ideas, and more gripes 374

H

Hive lifter 302
Honey, and bees and bears 235
as a food 143
consumption up 107
cure for hangover 281
energy restorer 142
Foster 363
its source, value and use 279
labels, attractive 137
marathon star takes seriously his running and 300
market skyrockets 39
off-flavored 236
prices higher 149
stand, Burke's distinctive 167
Honeybee, African, committee report on 295
Honeybees are intelligent 238
bigger than life–through photography 212
like fleas, can be trained 362
worker, attractiveness of drones 297
Horses and bees 55
Housing, renewal, for displaced bees 112
How About?
bee behavior, examining some details of 52
higher honey prices ...149
honeybees 10
improving our honeybees 325, 357
mistakes I've made as a beginner 244, 276
requeening difficulties 204

I

Importations, bee, into Central India 117
Indemnity Payment program, highlights of 237
Increase, making by splitting 41
thoughts on making ...246
International beekeeping congress (23rd), impressions of 20
Invading carpenter ants in beehive 330
Isolation, special bees bred through ...310, 334
It's an Idea
air door to keep bees out when extracting 191
baking soda, fire extinguisher 281
bell hose ideal cover for electric cords 178
coffee can as solar wax melter 280
easy way to retrieve swarms 115

L

Laws of beekeeping 279
Laying workers, in the act of laying 278
London, Craig, 1971 4-H winner in bees 265

M

Man and his thumb 9
Marathon star takes his running and honey seriously 300
Melter, solar, a simple ...341
Memories about doing the unusual 308
Miniflies, making 72
Mistakes, you never get too old to make 270
Monthly Honey Report ..3, 35, 67, 100, 131, 164, 195, 227, 259, 291, 323, 355
